

BC Hydro is seeking a reliable and motivated individual to operate and maintain the power system serving Ehlthlateese (ELT), a beautiful First Nations community located off the west coast of Vancouver Island. Our Diesel Generating Station (DGS) supports the Uchucklesaht Nation, and the site is accessible via a 1-hour boat ride or a 2-hour journey along Forest Service Roads.

Position Details:

- Flexible shifts of 7 to 14 days
- Daily working hours range from 4 to 7 hours
- Starting pay: \$200/day
- Comprehensive 6–12month training program including

This is a fantastic opportunity to gain valuable skills through customized training, mentorship, and hands-on experience in power system operations all while working in a remote and culturally rich environment. If you're a dependable individual with a strong work ethic and the right skills to succeed in this role, we'd love to hear from you.

Minimum Qualifications:

- Ability to work independently with minimal supervision.
- Must remain fit for duty and be available 24/7 for emergency response while on shift.
- Be self-motivated with strong organizational skills, including equipment maintenance, operations and housekeeping.
- Knowledge of the application safety standards and personal protective equipment.
- Clear and professional communication skills, both verbal and written.
- Basic computer skills, including email and mobile phone use.
- Successful completion of background checks, drug and alcohol screening.

Preference will be given to candidates that have:

- Trade or industrial experience in carpentry, mechanical, electrical, plumbing, painting, or related fields.
- Experience operating and maintaining diesel engines.
- Emergency response experience.
- Experience with storing, shipping, and handling dangerous goods.
- Valid Class 5 Driver's License.
- Moderate Knowledge with Microsoft Office programs.

Interested?

If you're interested and would like to discuss this opportunity with us, please send your resume to Mike at mike.myers@bchydro.com before Nov 22nd, 2025. We welcome and questions and expressions of interest!
